ASSEMBLY BILL
No. 1000

Introduced by Assembly Member Perea

February 18, 2011

An act to add and repeal Section 1367.655 of the Health and Safety Code, and to add and repeal Section 10123.205 of the Insurance Code, relating to health care coverage.

LEGISLATIVE COUNSEL’S DIGEST

AB 1000, as introduced, Perea. Health care coverage: cancer treatment.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law also provides for the regulation of health insurers by the Department of Insurance. Existing law requires health care service plan contracts and health insurance policies to provide coverage for all generally medically accepted cancer screening tests and requires those plans and policies to also provide coverage for the treatment of breast cancer. Existing law imposes various requirements on contracts and policies that cover prescription drug benefits.

This bill, until January 1, 2016, would require health care service plan contracts and health insurance policies that provide coverage for cancer chemotherapy treatment to provide coverage for a prescribed, orally administered, nongeneric cancer medication, as specified. The bill would require a health care service plan or health insurer to review the percentage cost share, as defined, for oral nongeneric cancer medications and intravenous or injected nongeneric cancer medications.
and to apply the lower of the 2 as the cost-sharing provision for oral
generic cancer medications. The bill would limit increases in cost
sharing for nongeneric cancer medications, as specified. The bill would
specify that its provisions do not apply to health care service plan
contracts or health insurance policies that do not provide coverage for
prescription drugs. The bill would specify that its provisions do not
apply to a health care benefit plan, contract, or health insurance policy
with the Board of Administration of the Public Employees’ Retirement
System.

Because a willful violation of the bill’s requirements relative to health
care service plans would be a crime, the bill would impose a
state-mandated local program.

The California Constitution requires the state to reimburse local
agencies and school districts for certain costs mandated by the state.
Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act
for a specified reason.

State-mandated local program: yes.

*The people of the State of California do enact as follows:*

SECTION 1. Section 1367.655 is added to the Health and
Safety Code, to read:

(a) A health care service plan contract issued,
amended, or renewed on or after January 1, 2012, that provides
coverage for cancer chemotherapy treatment shall provide coverage
for a prescribed, orally administered, nongeneric cancer medication
used to kill or slow the growth of cancerous cells and shall review
the percentage cost share for oral nongeneric cancer medications
and intravenous or injected nongeneric cancer medications and
apply the lower of the two as the cost-sharing provision for oral
nongeneric cancer medications. A health care service plan contract
shall not provide for an increase in enrollee cost sharing for
nongeneric cancer medications to any greater extent than the
contract provides for an increase in enrollee cost sharing for other
nongeneric covered medications.

(b) For purposes of this section, “cost share” means copayment,
coinsurance, or deductible provisions applicable to coverage for
oral, intravenous, or injected nongeneric cancer medications.
(c) Nothing in this section shall be construed to require a health care service plan contract to provide coverage for any additional medication not otherwise required by law.

(d) Nothing in this section shall prohibit a health care service plan from removing a prescription drug from its formulary of covered prescription drugs.

(e) This section shall not apply to a health care service plan contract that does not provide coverage for prescription drugs.

(f) This section shall not apply to a health care benefit plan or contract entered into with the Board of Administration of the Public Employees’ Retirement System pursuant to the Public Employees’ Medical and Hospital Care Act (Part 5 (commencing with Section 22750) of Division 5 of Title 2 of the Government Code).

(g) This section shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

SEC. 2. Section 10123.205 is added to the Insurance Code, to read:

10123.205. (a) A health insurance policy issued, amended, or renewed on or after January 1, 2012, that provides coverage for cancer chemotherapy treatment shall provide coverage for a prescribed, orally administered, nongeneric cancer medication used to kill or slow the growth of cancerous cells and shall review the percentage cost share for oral nongeneric cancer medications and intravenous or injected nongeneric cancer medications and apply the lower of the two as the cost-sharing provision for oral nongeneric cancer medications. A health insurance policy shall not provide for an increase in insured cost sharing for nongeneric cancer medications to any greater extent than the policy provides for an increase in an insured’s cost sharing for other nongeneric covered medications.

(b) For purposes of this section, “cost share” means copayment, coinsurance, or deductible provisions applicable to coverage for oral, intravenous, or injected nongeneric cancer medications.

(c) Nothing in this section shall be construed to require a health insurance policy to provide coverage for any additional medication not otherwise required by law.

(d) Nothing in this section shall prohibit a health insurer from removing a prescription drug from its formulary of covered prescription drugs.
(e) This section shall not apply to a health insurance policy that does not provide coverage for prescription drugs.

(f) This section shall not apply to a policy of health insurance purchased by the Board of Administration of the Public Employees’ Retirement System pursuant to the Public Employees’ Medical and Hospital Care Act (Part 5 (commencing with Section 22750) of Division 5 of Title 2 of the Government Code).

(g) This section shall remain in effect only until January 1, 2016, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2016, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIIIB of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIIIB of the California Constitution.
