An act to amend Section 1374.73 of the Health and Safety Code, and to amend Sections 10144.51 and 10144.52 of the Insurance Code, relating to health care coverage.

LEGISLATIVE COUNSEL’S DIGEST

SB 126, as introduced, Steinberg. Health care coverage: pervasive developmental disorder or autism.

Existing law provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. Existing law provides for the regulation of health insurers by the Department of Insurance. Existing law requires health care service plan contracts and health insurance policies to provide benefits for specified conditions, including coverage for behavioral health treatment, as defined, for pervasive developmental disorder or autism, except as specified. A willful violation of these provisions with respect to health care service plans is a crime. These provisions are inoperative on July 1, 2014, and are repealed on January 1, 2015.

This bill would extend the operation of these provisions until July 1, 2019, and would repeal these provisions on January 1, 2020. By extending the operation of provisions establishing crimes, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason.
The people of the State of California do enact as follows:

SECTION 1. Section 1374.73 of the Health and Safety Code is amended to read:

1374.73. (a) (1) Every health care service plan contract that provides hospital, medical, or surgical coverage shall also provide coverage for behavioral health treatment for pervasive developmental disorder or autism no later than July 1, 2012. The coverage shall be provided in the same manner and shall be subject to the same requirements as provided in Section 1374.72.

(2) Notwithstanding paragraph (1), as of the date that proposed final rulemaking for essential health benefits is issued, this section does not require any benefits to be provided that exceed the essential health benefits that all health plans will be required by federal regulations to provide under Section 1302(b) of the federal Patient Protection and Affordable Care Act (Public Law 111-148), as amended by the federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).
